President: Carl Rogers
Pres. Elect: Scott Branyon
Exec. Officer: Alan Meyer
Sec./Tres.: Paul Threlkeld
Members at Large: Randy Hovis, Tom McManus, Ken Klug, Dave Valenti, Nathan Brown

The newsletter is going to be real short this month. I have to send it out before the board meeting in an effort to get it in your hands before the supper meeting.

Speaking of supper meetings, we will be meeting the third Thursday in November and December. The November meeting will be catered by Chadwick's of Honea Path as usual. The December meeting will be our traditional Pot Luck Dinner. We have been doing a pot luck dinner for years, and it has been a great success. Please plan now to attend, and bring your favorite dish to share with the membership. Please remember that guests are always welcome. There will be gifts, so please clean out our old holster drawer, and your gun safes of any old items that you would like to donate for door prizes. The club supplies some gifts, but the more the better. You do not have to bring food or prizes to attend, but any contribution will be greatly appreciated.

In addition to steel plates, a Texas star has been added to bay 3 on the multi-purpose range for your enjoyment. This has been a very popular addition, so please check it out. As always, please follow posted rules, and always wear your eye protection. **These targets are for pistol use only.**

While we're on safety, I would like to remind everyone to NOT handle firearms while folks are down range. This is a serious violation of safety rules, and quite honestly, very dangerous. Also, always be ever mindful of your muzzle. Never point your muzzle towards anything you are not willing to kill are destroy.

Web Site: Please login the club's web site at www.beltongunclubinc.org and update your contact information. This is the best way for you to get a dues invoice, and stay current with club news and activities. We would like to stop all paper mail correspondence, so it is vitally important that we have everyone's current email address. I fully understand that some members don't have or even want a computer. We will continue to accommodate those folks the best we can. **Please feel free to email me at jpt01@charter.net with your current email address, and I will be happy to update your contact information for you. Please also let me know if you are receiving both the paper newsletter and the electronic, and I will take your name off the paper distribution.**

GWP Classes:

Please visit the club web site for class dates. Interested parties may sign up and pay on the web site, or call the club house and leave a message.

Safety: It is vitally important that everyone adhere to club rules at all times while on the range. Please pay attention to posted rules and remind your fellow shooters if you see any unsafe activity. Safety is everyone's responsibility. **Please make sure that your bullets always impact the berm!**

Absolutely no one, other than the shotgun committee members are allowed to adjust target throwers on any shotgun range.

*****Only individuals with valid drivers licenses should drive golf carts, ATVs or other powered equipment on club property.*****
